

**AIDIAN**

**Aidian Connect mobile application  
for iOS and Android mobile devices**

QuikRead go<sup>®</sup>

Aidian Connect mobile application brings your QuikRead go result available to support treatment decision.

→ Patient result available anywhere

→ Affordable connectivity solutions for everyone

## The simplest way to share!

With Aidian Connect you can:

- Share results instantly for faster patient treatment, reduced workload and balancing tasks easily
- Complete patient, treatment and visit related information to the test result.
- Print data to your office or thermal printers
- Create and export quality control reports
- Share patient results only using applications suitable for patient data transfer.

Secure and encrypted Aidian Connect gives access to data only for pre-set users. Data integrity checks and logging features ensure you have **results you can trust**.

Mobile device with Aidian Connect must be connected to the same secure health care organization local network as QuikRead go instruments.

Aidian recommends using messaging applications designed for professional health care use, for example Wire™, Teamwire and Silo.

Download Aidian Connect application from Google Play or Apple App Store.
